TREND MICRO

Version Tested
7.0

During the year 2011 corporate endpoint protection products were continuously evaluated in 3 tests using settings as provided by the vendor. We always used the most current publicly-available version of all products for the testing. They were allowed to update themselves at any time and query their in-the-cloud services. We focused on realistic test scenarios and challenged the products against real-world threats. Products had to demonstrate their capabilities using all components and protection layers.

APPROVED CORPORATE ENDPOINT PROTECTION 08/2011 No. 113223

APPROVED CORPORATE ENDPOINT PROTECTION 10/2011 No. 114076

APPROVED CORPORATE ENDPOINT PROTECTION 12/2011 No. 114907

Magdeburg, 31st January 2012
